Janet presented the May agenda, and requested the following addition:

Motion: (Ann Smith/Jim Engelman) to approve the agenda as amended. Unanimously approved.

Public Comment for Items Not on the Agenda:

No one signed up for public comment.

Approval of Minutes:

Motion: (Jeff Link/Rick Shew) to approve the minutes, as presented, from the April 15, 2025 Regular Meeting, and the April 28, 2025 Budget Work Session. Unanimously approved.

Introduction of New Police Officers:

Police Chief, Brandon Nelson, introduced our newest Police Officer, Randal Dula, to the Board. Chief Nelson stated that had taught Officer Dula in the BLET program at Western Piedmont Community College, and he is very happy to have him as an Officer for Hudson.

Officer Dula thanked Chief Nelson, and the Board for giving him the opportunity to serve in Hudson.

Chief Nelson commented that he really appreciated the other officers that were present for coming to the meeting to support the new officer. They included Officer Bryan Beebe, Officer CJ Curtis, Sgt. Brandon Phillips, Officer Zack Smith, and Officer Jonathan Barnett. The Officers commented that they are a team, and wanted to show each other support.

Adopt Sales Tax Reinvestment Agreement:

Ashley Bolick, Caldwell County EDC Director, addressed the Board to discuss the functions of the EDC, and to present the Sales Tax Reinvestment Agreement. Ashley introduced Hunter Clark, their newest employee. She commented that Hunter previously served as an intern for Caldwell County, and plans to pursue a career in government.

Ashley presented information about the EDC, and discussed projects that are currently going on in the county. She commented that both Ann Smith, and Jonathan Greer serve as EDAC Committee Members, (Economic Development Advisory Committee), and she thanked them for their service and leadership in Hudson and Caldwell County.

Ashley then discussed the Sales Tax Reinvestment Agreement, and explained the purpose of the Agreement. There are two methods of distributing sales tax: the per capita basis, and the ad valorem taxes basis, with the method used being decided by the county commissioners. If the per capita method is used, all of the municipalities in the county are automatically included in the distribution. If the ad valorem tax method is used, the municipalities that do not charge an ad valorem tax, Town of Cajah's Mountain and Town of Gamewell, would be eliminated from the distribution, and the Town of Sawmills would get a greatly reduced portion. As a compromise, in March of 2002, the county created the Sales Tax Reinvestment Agreement. With this Agreement, the county would keep the per capita method, with contributions from the municipalities depending on certain criteria, i.e., services provided by the municipality, etc. Ashley stated that the current amount in "the Fund" is over \$2,800,000, which is to be spent for economic development purposes only, including job incentives, building projects., etc. Ashley commented that the direction from the County Commissioners is for these funds to be used for projects, or invested in buildings that will stay in the county even if the business leaves.

Ashely stated that the Agreement is renewed every 4 years, with this renewal covering July 1, 2025 to June 30, 2029. She added that Hudson's portion of the Agreement would be \$27,500 annually.

Jonathan commented that our portion has been included in the proposed budget for FY2025-2026.

Jeff stated that he appreciates the transparency and social media communication from the EDC. He commented that this has greatly improved over the past couple of years.

Jim stated that he agrees that over the past 2 years there has been a recommitment of the municipalities and county to accomplish the same goals.

Ashley stated that verbally, the County Commissioners have asked to "share the love" for the funds that are available in "the Fund." Ashley commented that truthfully, the bigger projects typically develop where utilities are available. However, the Commissioners want all the communities to benefit from the funds, not just a few.

Larry stated that Hudson has benefited from the funds in the past.

A copy of the agreement was included in the agenda packets, and Jonathan asked for any questions from the Board.

Motion: (Jim Engelman,/Rick Shew) to adopt the Sales Tax Reinvestment Agreement, as presented, allocating \$27,500 in the FY 2025/2026 Budget for the Town's portion. Unanimously approved.

(A copy of the agreement will be on file in the Town Clerk's office.)

Report from Personnel Committee Meeting;

Town Manager's Evaluation:

Rick stated that the Personnel Committee discussed the evaluation process for Town Manager, Jonathan Greer. Currently, Jonathan's evaluation is done annually, and includes the Board plus random employees. The Personnel Committee is proposing that the evaluations be done every 2 years instead of annually. Rick commented that since the Town Manager's contract is a 4-year contract, the evaluations would be done in the middle of the contract. Rick added that the Committee suggested skipping the evaluations this year, and doing them next year.

Town Manager's Salary:

The Committee also discussed Jonathan's salary, and suggested his salary be set at \$95,000, which reflects a little more than a 3% increase over his current salary. Jonathan will also receive the \$1,000 bonus and longevity as proposed for the other Town Staff.

Motion: (Personnel Committee) to change the evaluation process from annually to every 2 years. Unanimously approved.
